

PVF Industrial Line Card

PIPE | VALVES | FITTINGS | SPECIALTY & ENGINEERED PRODUCTS

CARBON | STAINLESS | CHROME | ALLOYS | PLASTICS

VALVES

Ball
Butterfly
Check
Diaphragm

Gate
Globe
Knife Gate
Needle

Control
Cryogenic
Thermoplastic
Plug

Safety
Steam Jacketed

Actuation options available.

FITTINGS & FLANGES

Forged

3M, 6M, 9M
1/8 - 4in

Buttweld

All Schedules
1/2" - 48in

Other

Swagelok
Grinnell / Gruvlok
Copper L, K, M & ACR
Copper Press
Sanitary

Flanges

Pressure classes 150 - 2500
(and higher)
Weld Neck, Slip on, Blind,
Threaded, Socket Weld, Lap
Joint, Ring, Long Neck, Orifice,
Plate & Sil-Braze.

Plastics

PVC, CPVC and PP-R

Metric fittings and flanges as well as custom configurations are available.

PIPING

Seamless- Carbon A106, A333, API 5L, X-Grade,
Chrome -Moly (A335), Stainless (A312) All Grades
ERW - A53 - Black & Galvanized
DSAW

Plastics - PVC, CPVC, HDPE
PP-R - Polypropylene-Random
Tubing- seamless & welded

*Additional Services: Grooving, Sandblasting, Priming, Galvanizing, Lining, Fusion Bond Epoxy,
Polishing and other Coatings.*

All PVF products are available in a wide range of alloys: Stainless, Carbon (high and low temp),
Brass/Bronze, Chrome-moly, Alloy 20, Hastelloy, Incoloy, Monel, Nickel, Nickel-Copper,
Copper-Nickel, Tantalum, Titanium, Zirconium and more.

Domestic & Import options available.

CONSUMABLES, HARDWARE AND SAFETY EQUIPMENT

Wire brushes and Wheels
Cutting Tools
Teflon Tape
Primers, Glue and Solvents
Thread Sealants
Propane and MAPP gas

Studs, Nuts and Bolts
In all grades and coatings
Gaskets- Spiral wound
Gaskets- Non asbestos
Gaskets- Elastomer
Gaskets- Teflon

Gloves
Eye Protection
Hard Hats
Safety Vest
First Aid Kits

*Due to our wide selection we are only listing a small sampling of the products we offer.
Please contact a member of our sales team if you do not see what you are looking for.*

Polypropylene Pipe and Fittings

- For use in pressurized mechanical systems of all sizes.
- Reliable, competitively priced, and environmentally friendly.
- Polypropylene-random (PP-R) piping systems can be used for virtually any building application.
- Heat-fusion saves time and money.
- 10-year multimillion-dollar warranty. (*Aquatherm Only*)

We also provide installation training and support.

Fusion Tools Sales and Rentals

Extensive fleet of fusion tools to complete Polypropylene installations:

- Bench Shop Welding Tools
- Fitting Fabrication Tools
- Hydraulic Field Welding Tools
- Saws
- Socket Welding Tools

Our machines are maintained to the highest standards to insure you receive a quality tool every time.

Please call today for additional information and rates.

Expansion Joints and Industrial Dampers

Metal and Fabric-

Senior Flexonic Pathway Metroflex Dampers: Recognized industry experts in metal and non-metallic expansion joints, industrial dampers and diverters. Their skilled staff excel in pipe motion technology enabling them to engineer expansion joints to meet any specialized need. *We are the Manufacturer's Representative for New England.*

Rubber and Elastomer-

Proco Products, Inc.: The leader in rubber and molded PTFE expansion joints. Proco has specially designed their expansion joints to protect your equipment against a variety of stressors while also being low maintenance and durable. *We are the Manufacturer's Representative for New England.*

Metal Braided Hoses and Flex Connectors-

Many standard sizes are available for immediate delivery with flanged or threaded ends. Custom assemblies can be made from a wide variety of materials to suit almost any application. Other available options include smooth bore PTFE, high pressure end connections, jacketing, tracing, lining and exterior guard.
